FIRST PRIZE \$1000

Mills and their employees that have implemented clever, non-commercialised innovations that genuinely make a difference to the functionality of day-to-day operations at the feed or flour mill are encouraged to enter.

We are calling all staff to share their solutions to a problem they have solved. It may be a \$50 fix or a \$5000 fix. Multiple entries per site will be accepted. Entries will be judged by delegate voting at the AMN Conference to be held at Crown Melbourne on 13-14 May 2025.
